* Special Widths and Put-ups available - call Customer Service at 800-772-0036
** Outdoor ratings are based on proper mounting to reduce wind whip - see Bantex Fabrication Guide.

All life term ratings are for Bantex materials only, see ink manufacturer's ratings for graphic durability. Bantex is a non-top coated product, manufactured for digital printing with all solvent, UV curable and latex inks.
The physical properties of Bantex stated above are based on ASTM test averages. The values are to be considered as source information and do not constitute warranty.
